December 6, 2018

The Honorable Mitch McConnell
Majority Leader
United States Senate
S-230, The Capitol
Washington, DC 20510

The Honorable Chuck Schumer
Democratic Leader
United States Senate
S-221, The Capitol
Washington, DC 20510

The Honorable Paul D. Ryan
Speaker
U.S. House of Representatives
H-232, The Capitol
Washington, D.C. 20515

The Honorable Nancy Pelosi
Minority Leader
U.S. House of Representatives
H-204, The Capitol
Washington, D.C. 20515

Dear Leader McConnell, Leader Schumer, Speaker Ryan and Leader Pelosi:

As representatives of small and seasonal employers throughout the country, the H-2B Workforce Coalition urges you to include meaningful and lasting H-2B cap relief in the Fiscal 2019 Department of Homeland Security (DHS) appropriations bill. The H-2B program relies on well-vetted returning workers who come to the U.S. for seasonal employment and then go home. These workers are not immigrants. They provide an opportunity for U.S. businesses to operate at a greater capacity, retain their full-time workers and contribute to their local economies. Seasonal workers help support many upstream and downstream jobs. Every H-2B worker is estimated to create and sustain 4.64 American jobs.

In a strong economy with record-low unemployment of 3.8%, the program's congressionally mandated cap of 66,000 visas is inadequate to meet the labor needs of seasonal and surge businesses. As the Department of Labor has documented, the number of job openings for fulltime positions actually exceed the available labor pool. This makes it even more problematic for employers who need short term and seasonal workers. Only permanent cap relief will provide the certainty and ability for U.S. seasonal businesses to supplement their labor force during peak seasons when Americans are not available to fill temporary positions, particularly in the seafood processing, horse training, hospitality and amusement parks, forestry, landscaping, circuses, carnivals, food concessionaires, swimming pool maintenance, golf courses, stone quarries and other seasonal industries.

These seasonal businesses rely on H-2B workers to supplement their American workforce and have suffered economically from the failure to address the visa cap.

Without Congressional action, many employers and their domestic workforce will continue to suffer severe economic hardship. Seasonal businesses need meaningful and lasting H-2B reform so they can continue to contribute to the economy, to grow and thus to add American jobs.

Since passage of the DHS appropriations bill by the House Appropriations Committee that includes an H-2B returning worker cap exemption, the Coalition has been working diligently with Congressional supporters in the House and the Senate to develop a package of H-2B reforms that garners widespread Congressional and industry support by addressing the arbitrary visa cap as well as providing certainty for business planning and ensuring additional program integrity. The undersigned organizations are pleased to support the Tillis/Harris reform measure, attached, as achieving those objectives and strongly recommend its inclusion in the FY19 Department of Homeland Security appropriations legislation. We extend our thanks to Senator Rounds and Representative Bergman, as well as many others for their hard work and support of this package.

Sincerely,
